

2025 Sustainability Framework

ActewAGL

ACT's largest and longest-serving energy retailer providing energy to customers in the ACT and South-East NSW.

Our purpose

To provide accessible and innovative options for our customers and community to transition to a zero-carbon economy within their existing means, culture and beliefs while achieving long-term financial sustainability as a business.

Our goals

- 01 Remove customer barriers to electrification and increase energy equity.
- 02 Prioritise sustainability-driven growth at the heart of all our products and services.
- 03 Lead in sustainability and enabling local emissions reductions.

United Nations' Sustainable Development Goals

ActewAGL's Environmental, Social and Governance Commitments will contribute to the United Nations' Sustainable Development Goals
